

# GRAVITY ZONED FOAM MATTRESS

## GRAVITY ZONED FOAM MATTRESS

The Gravity multi-layered foam system provides outstanding **zoned** pressure redistribution, with an emphasis on managing patients at risk for **heel** pressure ulcers. With a gently sloping heel section, and channel cuts in the middle layer of foam under the foot section, heel pressure off-loading and comfort are maximized.

### Key Product Features

- Outstanding combination of multi-layered die-cut and memory foam available with or without raised side rails
- Mattress includes a 6" to 5" heel slope and a "channel cut" center layer of foam under the foot section to target heel ulcer prevention
- Top layer uses unique die-cutting and a true memory foam heel section to optimize zoned pressure redistribution
- Bottom layer provides full length horizontally scored articulation cuts extending the durability and life of the mattress significantly
- Cover is fire retardant, fluid proof, tear resistant, low sheer, and easy to clean
