

# BARIBED 750 PRIME

## AME BARIBED 750 PRIME

The versatile, multi-functional Baribed 750 Prime can be used for a wide range of patients up to a weight capacity of 750 lb. limit. The bed is capable of expanding to accept a 48" mattress making it an excellent choice without having to step up to a full bariatric platform. Features include a push button expandable deck, premium head and foot boards with grab bar, and three position padded assist rails. The Baribed 750 Prime rolls on heavy duty casters with a 2-way lock/roll.

### 8 OR 10 BUTTON HAND CONTROLLER WITH OPTIONAL MAGNETIC LOCK

- This pendant can be plugged in on the left or right side of the bed.
- The top buttons control the raising and lowering of the head section.
- The 2nd set of buttons control the raising and lowering of the foot section.
- The 3rd set of buttons controls the auto contour.
- The 4th set of buttons control the raising and lowering of the bed frame.
